

A great way to deliver the SEAL themes for Key Stages 3 & 4

Kar2ouche is an engaging way to investigate the five social and emotional aspects of learning. Each student will develop their own understanding of the subject through a variety of media - text, pictures and sounds.

Either use activities in one of the 6 Kar2ouche titles in the Secondary SEAL bundle. They have all been mapped to the Secondary SEAL criteria for your convenience.

Or, add your own resources and take advantage of all the Kar2ouche functionality.

Some people like the topic specific pictures and audio, some prefer the ready made activities, but most agree that it is the functionality of Kar2ouche that gives it the 'wow' factor.

Developed by educationalists with Intel and The University of Oxford here are just some of the things you can do with Kar2ouche:

- Create storyboards and animations (using a variety of characters, backgrounds and props). Play them back on a PC or present to the class on a whiteboard.
- Write a little, or a lot - in captions, thought bubbles and speech bubbles. (Cunning for literacy, as you really don't realise just how much writing you are doing!)

- Easily add sound to your work - either use the recordings that come with each title or record your own voice! Add atmospheric music or sound effects to create a really professional piece of work that you can be very proud of. (Inclusive for those who prefer to communicate without text).
- Create and print posters, magazines, comic strips or other publications. These look great on classroom displays and provide evidence of achievement.

Warning - HIGHLY ENGAGING product. Children may need to be prised away from their work.

Social & Emotional Aspects of Learning

Virtual role plays help students with:

- Self-awareness
- Managing Feelings
- Motivation
- Empathy
- Social Skills

The Secondary SEAL Themes

Activities enable students to explore:

- A place to learn
- Learning to be together
- Keep on learning
- Learning about me
